Wednesday, September 14th, 2016

2016-17 -
DEPARTMENT MEETING

Wednesday, September 21st, 2016

Anne Mauricio
Title: “Scale up of the Family Check Up: Evidence-based, Family-centered Intervention”

Presentation Description:
The presentation offers a conceptual and empirical overview of the Family Check-Up (FCU), a brief, family-centered, assessment driven intervention that uses motivational interviewing to engage families and is tailored to the family’s needs, preferences, and motivation for change. The FCU prevents initiation and escalation of mental health and substance abuse disorders in children by improving parenting and family adjustment.

Learning objectives:
- Provide conceptual and empirical overview of Family Check-Up
- Describe the Family Check-Up Intervention Model
- Discuss challenges and opportunities in scale-up
Alex Drossos
Title: Mental Wellness and Therapeutic Jurisprudence for Indigenous People

Presentation Description:
The Truth and Reconciliation Commission’s work highlighted the innumerable atrocities and intergenerational impacts that Canada’s Residential Schools had and continued to have on Indigenous People. It also gave voices to the thousands of survivors. This presentation will weave these together, by telling the stories of the previous Mohawk Institute residential school and current Indigenous Persons Court, both in Brantford, Ontario.

Learning Objectives:
- Review relevant aspects of the Truth & Reconciliation Commission’s final report
- Provide an update on mental health issues for Indigenous People
- Discuss the role of problem-solving courts for justice issues and mental wellness of Indigenous People

To take the shuttle for any of these presentations it is best to use the Charlton/West 5th shuttle which runs on a continuous 30 minute loop between sites running from 530am to 730pm. This shuttle picks up and drops off in the small parking lot outside the cafeteria level entrance at the Charlton and outside the outpatient entrance at West 5th
