

The Department of Psychiatry and Behavioural Neurosciences, Michael G. DeGroote School of Medicine, Hamilton, Ontario and St. Joseph's Healthcare Hamilton have vacancies for 3 academic psychiatrists. The first is an individual with expertise in managing big data to work in our geriatric psychiatry program and build a research program in personalised treatment. The second is a psychiatrist to work in a program for transitional youth, with particular expertise in working with transgender youth. The third is for a psychiatrist to head up our Schizophrenia Division.

- 1) Geriatrics Psychiatry and Big Data. The successful candidate will work within the Geriatric Psychiatry Program to deliver clinical care and consultation to the system and lead the development of a research program in seniors mental health. They will also participate in a new Department initiative to integrate large data bases to enhance care for individuals with mental health and addiction problems and participate in undergraduate and postgraduate teaching.
- 2) Transitional Youth and the Transgender Population. The successful candidate will provide consultation and clinical care for transitional youth with psychotic disorders, with a particular focus on the needs of the transgender and LGBT populations. They will also build a research program for these two populations and participate in undergraduate and postgraduate teaching.
- 3) Head of the Division of Schizophrenia. The successful candidate will provide leadership for the academic Division, building and co-ordinating a high quality research program and fellowships in Schizophrenia, working closely with the other academic leads and participate in undergraduate and postgraduate teaching.

The appointees will hold academic appointments in McMaster University's Faculty of Health Sciences at an academic rank appropriate to their credentials and experience. Remuneration will be commensurate with academic rank and the position's duties and responsibilities.

Applicants must be licensed or eligible to attain licensure in the Province of Ontario and hold a Royal College of Physicians and Surgeons of Canada specialty certification in Psychiatry or an equivalent designation.

To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: Yes, I am a citizen or permanent resident of Canada or No, I am not a citizen or permanent resident of Canada.

Applications should be accompanied by curriculum vitae and the names of three references, and sent to the address below:
